EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Higgins on June 28, 2006.

The application has been amended as follows:

Claim 15 has been amended as follows:

--Claim 15. Apparatus for improving the skill of a sports person comprising:

a first guideway and a second guideway wherein each of said first and second guideways are inclining upwardly and positioned side-by-side and said first and second guideways having a first end and a second end configured such that said first ends of said guideways having a minimum spacing therebetween and said second ends of said guideways having a maximum spacing therebetween,

a substantially inelastic reciprocating line having a first end and a second end wherein said first and second ends of the reciprocating line are connected to said first and second guideways respectively to allow free movement along said guideways, said reciprocating line having a length equal to or greater than the minimum spacing and less than the maximum spacing, and

a ball connected to the reciprocating line wherein the ball is coaxial with said reciprocating line.—

Terminal Disclaimer

The terminal disclaimer filed on 4/14/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Application 10/416818 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claims 15-24 and 26-29 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of claim 15 is that the prior art does not suggest having a ball coaxial with a reciprocating line connected to a first guideway and a second guideway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
